

# YAMAHA DRIVE WINDSHIELD INSTALLATION INSTRUCTIONS

MJWS3000

**INCLUDED:**  
WINDSHIELD  
2 STRUT BRACKETS  
HARDWARE

Windshield

2 Strut Brackets

Hardware

# 1

Attach hardware on both sides of the front struts as shown.

# 2

Remove plastic from all four sides of the windshield. Attach strut brackets to each side of the windshield as shown.

3  
Attach windshield to the front struts. Slide the windshield down into the groove of the rubber grommet, then tighten hardware.

4  
Clamps on the windshield attach to the struts when you want the windshield lifted.
